

VitaPonte Partner

Introducing VitaPonte Partner for your homecare agency

Dear Agency Owner,

I'm Krimo Salem, Founder and CEO of VitaPonte. We're introducing VitaPonte Partner, a platform designed to help small and medium homecare agencies retain customers and reduce routine office calls.

Your agency keeps its brand, caregivers, pricing and customer relationships. VitaPonte brings booking and visit coordination together with Ask VitaPonte and patient-approved family participation, so customers can get routine help and families can stay informed.

Our proposed launch offer includes a reduced one-time setup fee and a 5% share of eligible collected care receipts, only after patients onboarded through VitaPonte receive completed care. There is no monthly subscription or recurring minimum.

I've attached a brief product introduction. We're looking for founding agency partners for a focused 90-day pilot to measure the benefits together.

Would you be available for a 20-minute introductory conversation next week?

Best,

Krimo Salem

Founder and CEO, VitaPonte
